INDEPENDENT AUDITORS' REPORT

Garden City Capital, Inc.
55 Hilton Avenue
Garden City, NY 11530

We have audited the accompanying statement of financial condition of Garden City Capital, Inc. as of December 31, 2007, and the related statements of income, stockholders' equity, cash flows, and the statement of 15c 3-1 net capital computation for the year then ended that you are filing pursuant to 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the individual, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Garden City Capital, Inc. at December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GARDEN CITY CAPITAL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

1. Statement of Significant Accounting Policies:

Organization:

The company is a registered broker under the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The company was incorporated under the laws of the State of New York on September 8, 2001, and was authorized to do business in New York. On November 19, 2002, the NASD (now FINRA) approved the company's application to expand its business to include broker retailing corporate equity securities, selling group participant with right of return in firm commitments or best efforts underwriting, and provide private placements of securities. None of these types of transactions occurred in the year 2007.

Concentration of Risk:

The company is engaged in various trading and brokerage activities in which counterparties primarily consist of other broker dealers. In the event these counterparties do not fulfill their obligations, the company may be exposed to certain risks. The risk of default depends upon the creditworthiness of the counterparties or issuers of the instrument.

As of December 31, 2007, the HSBC Bank statement indicated a balance of \$225,479. Funds deposited with a single financial institution are insured up to \$100,000 in the aggregate by the Federal Deposit Insurance Corporation (FDIC). Should the bank become unable to meet its obligations, losses could be incurred by the company.

Security Transactions:

The company records its transactions on the trade date; this includes profits and losses arising from security transactions entered into for the account of the company.

Cash and Cash Equivalents:

Cash equivalents are limited to short term, highly liquid investments that are both readily convertible to known amounts of cash and of an original maturity of three months or less.

Property and Equipment:

Property and equipment are stated at cost, less accumulated depreciation. Repairs and maintenance charges, which do not increase the useful lives of assets, are charged to income as incurred. Depreciation expense for the year ended December 31, 2007 was \$4,684.

Use of Estimates:

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

GARDEN CITY CAPITAL, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2007

1. Statement of Significant Accounting Policies:

Income Taxes:

The corporation has elected to be taxed as an "S" corporation under the Internal Revenue Code for federal and state income tax purposes. Such election allows income to be taxed directly to the stockholders. Accordingly, no provision has been made for federal and state income taxes, other than the minimum required by New York State.

Leases:

The company entered into a lease agreement with Ray Polley Management, Inc. for the rental of property located at 55 Hilton Avenue, Garden City, NY. This agreement dated September 1, 2001 requires monthly rental payments in the amount of \$3,695. The term of the lease was for five years and expired on July 31, 2006. The company is currently renting its office space on a "month-to-month" basis.

2. Net Capital Requirements:

Garden City Capital, Inc. is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15C3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, Garden City Capital, Inc. had net capital of \$323,026 after adjustments for non-allowable assets, which was \$318,026 in excess of its required net capital. Garden City Capital, Inc.'s net capital ratio was .1649 to 1.

3. Financial Instruments with Off-Balance Sheet Credit Risk:

As a securities broker, the company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The company introduces these transactions for clearance to other broker/dealers on a fully disclosed basis.

The company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the company and the company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the company and its clearing brokers provides that the company is obligated to assume any exposure related to such non-performance by its customers. The company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guidelines. The company monitors its customers' activity by reviewing information it receives from its clearing brokers on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

GARDEN CITY CAPITAL, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2007

4. Clearing Deposit:

The company is required to maintain a security deposit with First Southwest Company. At December 31, 2007, the company was required to keep a minimum of \$100,000 on deposit.

5. Profit Sharing Plan:

The company has a profit sharing plan for all employees who meet plan eligibility requirements whereby it contributes to the plan based on participants' compensation. The company also has provisions for additional salary deferral under Internal Revenue Code Section 401(k). Company contributions to this plan are discretionary and are determined annually by the company. For the year ended December 31, 2007, contributions by the company to the plans were \$8,081.

6. Commitments and Contingencies:

The company had no significant contingent liabilities requiring disclosure in the financial statements.

INDEPENDENT AUDITORS'
REPORT ON INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17a-5

Garden City Capital, Inc.
55 Hilton Avenue
Garden City, NY 11530

In planning and performing our audit of the financial statements of Garden City Capital, Inc. for the period ended December 31, 2007, we considered the internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17A-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Garden City Capital, Inc. that we considered relevant to the objectives stated in rule 17A-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-12 (2) in complying with the requirements for prompt payment of securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3 because the company does not carry security accounts for customers or perform custodial functions relating to customer securities.

Garden City Capital, Inc. is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by Garden City Capital, Inc. are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives.

Two of the objectives of an internal control structure and the practices and procedures are to provide the company with reasonable, but not absolute, assurance that assets for which it has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with its authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. The above should be considered with the fact that the company is owned by one individual and does not maintain a separate office staff.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, no facts came to our attention indicating that the company was not in compliance with such conditions during the period from January 1, 2007 to December 31, 2007.

This report is intended solely for the use of Garden City Capital, Inc., the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on rule 17A-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

**INDEPENDENT AUDITORS'
REPORT OF DIFFERENCES BETWEEN
AUDITED REPORT AND FOCUS REPORT
DECEMBER 31, 2007**

Garden City Capital, Inc.
55 Hilton Avenue
Garden City, NY 11530

In performing our audit of Garden City Capital, Inc. for the period ended December 31, 2007, we made adjustments that affected the December 31, 2007 focus report Form X-17A-5. The adjustments were as follows:

A) Decrease in clearance account	\$ (2,134)
B) Decrease in accrued expenses	<u>43,564</u>
	<u>\$ 41,430</u>

The net capital after haircuts as reported on our December 31, 2007 audited report was \$323,026; the net capital after haircuts as reported on the December 31, 2007 focus report Form X-17A-5 was \$281,596. This report was not prepared by us. The difference between these figures is \$41,430, as indicated above.
